

TURNING BACK ACCEPTED GAMES

Officials that need to turn back a game that has been “*accepted*” via Arbiter or verbally will need to send an email to the appropriate assignor. It is extremely important that you include your full name, arbiter game #, and date of game.

For last minute cancellations (less than 7 days from contest date) please call the appropriate assignor to notify in addition to sending an email. If they do not answer leave a voicemail with full name, arbiter game #, game date, and callback number.

****All game returns are subject to fines outlined in Sec. 8 of the FWBOA Operating Procedures****
